### 40-year limited finish warranty on PVDF colors

Fluropon PVDF colors carry a 40-year limited finish warranty covering fading, chalking and film integrity within the paint manufacturer's written limits. SMP colors carry a shorter finish warranty. The written warranty for your color is provided with your estimate and controls over this sheet. Residential applications.

**Colors shown are as close to the painted metal as print and screens allow.** Ask for real color chips before you choose. Colors and gauge availability can change without notice.
